

# MIRACLE OF ONE SEED!

And God said, Let the earth bring forth grass, the herb yielding seed, *and* the fruit tree yielding fruit after his kind, whose seed *is* in itself, upon the earth: and it was so. Gen 1:11

And the earth brought forth grass, *and* herb yielding seed after his kind, and the tree yielding fruit, whose seed *was* in itself, after his kind: and God saw that *it was* good. Gen 1:12

**The Circle of Life: The Miracle of ONE Seed – Produced THOUSANDS!!**

**The Circle of Life: Permaculture & Regenerative Farming – what it is and what it is not...**

# PERMACULTURE & REGENERATIVE FARMING

## WHAT IS IT REALLY?

### **What is it really all about?**

- Organic & Natural Land Management
  - Life Cycle of Animals and Plant Life
  - Regenerative Soil Organically
  - Healthy CO2 for ALL Life
  - Embracing Small Farmers and Food Freedom of Choice

### **What WE'RE TOLD to have "faith" in:**

- Bio-engineered DNA Altering Crops
  - Manufactured Fertilizers & Vaccine Foods
  - Chemtrails & Weather Modification
  - Carbon Footprints for Greenhouse Gas
  - Embracing Big Government & its Manufactured Donors for Totalitarian Control

This is only 1/3 of our current supply of seeds!

We're ready.

Edible Home Gardens Resorts already has OVER 12 MILLION seeds.  
Starter plants typically sell on average for a price of \$4.00 - \$6.00 each.  
That comes to an estimated retail value of \$48 MILLION DOLLARS!

**Question is: What would YOU do with OVER 12 MILLION Seeds?**

# WHY ARE BILLIONAIRES BUYING UP ALL THE FARM LAND?

With almost **250,000 acres** of highly productive farm ground spread out over **17 states**, the co-founder of MICROSOFT ranks as the nation's largest private farmland owner.

Much of Gates's acreage was bought in huge tranches, including a group of farmland assets owned by the Canada Pension Plan Investment Board that was acquired in 2017 and the 2018 acquisition of the 100 Circles acreage in the Horse Heaven Hills of Eastern Washington.

Those two purchases alone total an investment of more than **\$690 million** in farmland assets.
